With ideal terroir including proximity to the Pacific Ocean, Sonoma County has firmly positioned itself at the forefront of New World Chardonnay. Ours comes from a hidden vineyard perched atop one of the highest-elevation sites in the appellation. High above the fog line with additional sun exposure, this wine expresses the robust, full-bodied character that typifies mountain-grown fruit. Texture Chardonnay is defined by tension and minerality, so we harvest this block early to preserve its brisk acidity. A finishing touch of Sonoma Coast Chardonnay focuses the finish with a crisp charm reminiscent of young Meursault. The result is a crowd-pleasing Chardonnay that's ripe and ready for immediate enjoyment.
